## *From David*

Time to catch up. Hopefully that time is coming when we can catch up face to face. We can now meet in small groups outside and we can catch up.

When we first met live for zoom after a few weeks of pre-recorded services, there seemed an instinct to just chatter again and catch up – even though we had only been apart a few weeks. A year later we will no doubt want to chat more again as we catch up. Or maybe it will take you longer as you get back in the habit of chat face to face. We catch up.

As we catch up, we recall that so much has happened in our lives over a very different, and for some, distressing, year. So we catch up with care and sensitivity. We will need to catch up with all the newsy things like the decoration of your bathroom or getting a new dog (or chicken). And we need to catch up on our sadness. For quite a number, loss of family and friends has been the toughest thing of the last year and we have not been able to share that together, so we catch up, acknowledge the grief, let each other know we remember and

share the burden. And it is a helpful thing to catch up on how we have fared, if that is helpful for us to say.

So in catching up, we get ourselves slowly but surely back side by side. Not just in a literal way, but in friendship. We are all in different places now to last year so we need to catch up.

**Notes for your diary...yes we have somethings to go in!**

*Therefore encourage one another and build each other up, just as in fact you are doing" 1 Thess. 5:11*

We need to encourage each other and stay connected. Do you have a Bible verse, poem, passage or song or any of the following? Something you are thankful for. Something that has made you laugh. If you have found something online that would be a good resource for us please share. If you don't feel comfortable sharing in "person" this may be the way for you to encourage others. **Sarah**

## Thank you to Helen for posting this:

I came across this on a "Blog" some time ago. I had asked the author if he would mind me publishing it to our Church, and he gave his permission, but then I lost it in the depths of my computer and it resurfaced today! I hope it will bless you!

The dandelion is a small herb - that has some medicinal properties - that grows widely and wildly across the British Isles. It is often considered by gardeners' as a weed to be rooted out (they simply don't like to see it anywhere either on the lawns or on the flowerbeds). Never-the-less the herb thrives because it successfully spreads its seed far and wide. The strong winds blow hard against the dandelions' seemingly fragile feathery seed heads; but instead of destroying the plants the seeds float aloft in the wind transporting new seeds to garden after garden and countryside after countryside. This is how the dandelion thrives!

The Church of God is also hated by the world; a world that wishes it had the power to root out the church. The world has failed epoch after epoch to achieve its goal! Those persons' in the past who have persecuted the church now lie buried in their graves - the same fate awaits all unrepentant church persecutors - awaiting the Lord's Judgement meanwhile Christ's Wonderful Church lives on! The storms of the world may blow hard against the church but the WORD of GOD - which glorifies Christ - will continue to spread far and wide in every country and throughout the nations of the world! Christ is victorious and His Church thrives!

As God said to all His faithful servants/church: 'There is no weapon in all creation that can prevail against you'

Who is man (or satan for that matter) that you should be afraid of him? Stay strong and faithful my brethren in China and throughout this world of persecution: Christ is coming back for you; and He will comfort you; and all your enemies shall be made to bow before you!

**Videos and photos of you...**To keep us connected, how about putting together a short video (no more than 3 minutes) on what you have been doing over lockdown. You could show us something that you have grown or built, somewhere you have gone or someone you met up with. Or a pet. Or your latest car if you have changed it. I suppose it could just be a photo but a short video maybe done on your phone would be fun. The idea is to give us a window into our life at a time when we are blocked off. Think what you can do and then send it over to me or the Tech Team and I will slot it in our time together on Sundays.
